**NFC Tags**

Hold smartphone to the tag — check-in in under one second, even offline.

**QR Codes**

Alternative for devices without NFC. Scan via camera, same security.

**Use Cases**

Checkpoint, room, workstation or vehicle — flexibly deployable.

**More Reliable Than GPS Alone**

Physical presence at the location proven, not just GPS radius.

**✓ Complete audit trail**

EU servers · GDPR · Cryptographic timestamps · 1–10,000+ users
